Parking Lot Safety

Please enter and exit the parking lot on 9th street and *park in the parking lot not the alley*. It is easier and safer to return to Vine Street at the 9th street intersection. Also, we need to respect our neighbors who enter and exit their homes on the alley and not drive down the alley towards 10th street.

Please do not leave children unattended in the parking lot. It is unlawful and is a safety issue for the child and will not be permitted by the program. Furthermore, you can receive a citation for child endangerment by the Paso Robles Police Department.

Please do not leave your vehicle running while parked in the parking lot. It is unlawful and is a safety issue.

Owners of a vehicle will be held financially responsible for any damages that may occur while using the parking lot. Furthermore, IPC relinquishes all responsibility for damages to vehicles and property caused by vehicles using the parking lot.

Thank you,

Terry Del Giorgio, Director IPC
